Thanks Bryan. Waiting until next week should work out just fine. We appreciate your help.

FYI Haley is out on vacation until the 18th. I am sure that she will assist you upon her return. If there is a need to get things moving this week, let me know, and I will see what I can do.

Hi Haley,

Ryan Clemme reminded us that if Amphenol had problems accessing the 400 N Forsythe property for installing well points (temporary wells), then you would contact the company for the permission.

Amphenol/IWM sent two letter requests but had no response (Brad Gentry from IWM is copied on this email).

Would you please see what you can do about getting permission to install some well points and sample the existing wells on the property?

Much appreciated.

Carolyn
